

# DON'T MOVE A

Appendix F

## Quagga/zebra mussels

ruin boats and destroy waters

**DON'T LET THEM RIDE WITH YOU!**

**Quagga/zebra mussels** in California waters could result in an environmental and economic disaster. They can cause a shift in native species and disrupt the ecological balance of entire bodies of water. The mussels clog water pipes, coat piers, and ruin boat motors. Transferring a boat from an infested water to another water could spread the mussels.

**YOU CAN STOP THEM!**

**866-440-9530**

# DON'T SPREAD INVASIVE SPECIES

## When leaving the water:

- **Inspect** all exposed surfaces  
- small mussels feel like sandpaper to the touch.
- **Wash** the hull of each watercraft thoroughly.
- **Remove** all plants and animal material.
- **Drain** all water and **dry** all areas.
- **Drain** and **dry** the lower outboard unit.
- **Clean** and **dry** all live-wells.
- **Empty** and **dry** any buckets.
- **Dispose** of all bait in the trash.
- **Wait** 5 days and keep watercraft dry between launches into different fresh waters.

## STOP AQUATIC HITCHIKERS!

Prevent the transport of nuisance species.  
Clean all recreational equipment.
